EMANCIPET

LOW COST. BIG HEART.

Pulling For Pets

This one-day event features teams of ghosts and goblins (and pet lovers!) competing to pull our mobile veterinary clinic over 30 feet in the fastest time. But speed isn't the only thing that counts in this tournament – awards will be given out for top individual and team fundraisers, and more. We can't pull this off and raise the critical funds necessary to provide life-saving care without community and sponsor support. This year alone, we will provide essential medical care to over 75,000 pet patients in the Austin area - can we count on you?
