# Pulling For Pets

This one-day event features teams of ghosts and goblins (and pet lovers!) competing to pull a City of Houston firetruck over 30 feet in the fastest time. But speed isn't the only thing that counts in this tournament – awards will be given out for top individual and team fundraisers, best costumes, and more. We can't pull this off and raise the critical funds necessary to provide life-saving care without community and sponsor support. This year alone, we will provide essential medical care to almost 30,000 dogs and cats in the Houston area - can we count on you?
